

## **TV Coverage of the Roundabout Protest**

About 40 people opposed to the roundabout gathered around 7:30 a.m. on Tuesday, September 25. They stood on the corners waving signs saying NO and "Shout It Out, No Roundabout " and urging drivers to honk their horns in agreement.

People from the neighborhoods nearest the intersection gathered as well, but offered Fact Sheets and papers saying "Ask Me About the Roundabout". Very few takers among the opposition, but the media was interested. Here are links to the TV coverage.
